Crawford County Sheriff Dept. Sgt. Paul Smith and deputy Art Clough apprehended the two subjects at the residence, located on Roby Lane near Four Mile Road, at about 1:10 a.m. after the homeowner called police. The owner allegedly woke up and heard noises. After discovering property missing, he reportedly locked his door and phoned police. The male subject allegedly broke into the house a second time and cut his hand in the process. He was transported to Mercy Hospital for treatment.

Another subject was arrested in connection with a breaking and entering on Saturday on Seven Mile Road. Some of the items taken during the breaking and entering were recovered by Crawford County Sheriff deputies.

Fire destroyed a three-room bunk house at the 7th Day Adventist Camp AuSable east of Grayling. The fire was reported about 9:30 a.m. Thursday. The cause of the fire is still officially under investigation.

Benefit Basketball Game Mar. 25

Cub Scout Dads will be playing a benefit basketball game against the Crawford County Deputy Sheriffs on March 25,

Thursday at 7:30 p.m. in the high school auditorium. There will be half time entertainment and plenty of door prizes including swimming at the Holiday Inn with room, the bridal suite at Marshall's Hospitality House, canoe trips, pizza, and many more prizes.

Ticket donations are \$1.00 from the Cub Scouts or at the door the night of the game.

Come and enjoy a night out watching the Dads and Cops play basketball for fun and for the trophy.

Nominating Petitions Due for **Board of Education Seats**

Nominating petitions for two Crawford AuSable Board of Education positions to be filled in the June election have to be filed by April 12.

The board seats held by Mary Allen and Fred Allen will be up for election. Candidates can pick up petition forms at the school district's central office on Michigan Avenue in Grayling.

Saldak Named Frederic Twp. Trustee

Betty Sajdak was appointed by the Frederic Township Board at their March 9 meeting to a trustee position on the board. She takes over a position vacated by Robert Sellers, who moved out-of-state. Sajdak will fill the position until the next general election in the township.

Shell Finds Gas Beneath Pigeon River Forest

Shell Oil Company announced a natural gas discovery in the first well drilled in what is known as Area 1-B of the Pigeon River Country State Forest. The State Corwith 1-14 well is located north of the Black River and east of Hardwood Creek in the state forest, which is near Gaylord.

Shell operations manager W. D. Saulmon said the well flowed at a rate of 3 million cubic feet of natural gas and 53 barrels of condensate per day in a six-hour production flow test. The gas was from a depth of 4,681-4,712 feet in the Niagaran Trend, through a 14/64-inch choke at a flowing tubing pressure of 2,000 pounds per square inch.

Shell is operator in the state forest for a group of companies. Other major interest owners are Amoco Production Company and Northern Michigan Exploration Company.

Board of Review Turnout Mixed

By Jon Thompson

At least 350 persons in Crawford County refused to take the news of increased property assessments sitting down. They stood up and walked directly to their local boards of review to see if they could lower the assessments.

In three townships, Grayling, Frederic, and Beaver Creek, turnout at boards of review was higher this year than the previous year. In the City of Grayling and Lovells Township, however, turnout was lower this year. In South Branch and Maple Forest townships, turnout was light at about the same levels as last year.

Although many residents of Grayling Township got hit with higher assessments than the county average of 8.3 %, due to increases on lake, river, & prime subdivision property, turnout at the board of review was about 118 personsonly 20 more than last year.

Grayling Township had an overwhelming turnout in 1977 with 302 persons. In 1978 it dropped to 104, in 1979 only 43 came, and in 1980 turnout was low again with 56 persons.

The City of Grayling reported a slow turnout at review meetings and said the total was down slightly from last year.

Frederic and Beaver Creek Townships, trying to get rid of equalization factors, had increased turnout this year. Frederic Township reported 41 persons up from 15 last year. Beaver Creek reported about 60 persons this year. Beaver Creek Township officials said many persons didn't understand dropping factors would mean a big jump in assessments but a relatively small increase in taxes.

In Lovells Township, turnout dropped to 25 from 71 last year. Township Supervisor Fred Schaibly said he had the feeling many downstate property owners might have had a hard time coming up this year to make the meetings. He said the majority of property owners at this year's meetings were local. Last year, most of the persons at the meeting were down-state property owners. Schaibly said the poor economy may have prevented many out-of-town property owners and retirees from coming north this year to attend the meetings.

Turnout at South Branch Township was about 18 persons and at Maple Forest about four persons - both numbers about the same as last year. Assessments only increased on the average seven percent in South Branch and low increases were reported also in Maple Forest.

The proposed sewage facility plans are the result of a study started in 1971, Albert Township Supervisor Gene Thorton said. The system would mainly handle liquids pumped out of Lewiston septic tanks. Forty percent of the waste material heading for the drainfield

Beaver Creek Feels Heat On Fire Protection

By Jon Thompson

With rising costs hitting the two fire departments that service Beaver Creek, township officials are finding it more difficult each year to buy fire protection.

In recent years, Beaver Creek has had the Roscommon Village Fire Dept. protect the southeast portion of the township while Lyons Township, in Roscommon County, has protected the rest of the township.

As costs spiral up for fire services, however, these two

depts, are becoming more reluctant to provide services for other than their own taxpayers.

"I can see their point," Beaver Creek Supervisor Cletis Spears said. "It costs a lot of money nowadays to run a fire dept."

This year, figuring out costs for the fire protection caused problems between Beaver Creek and the fire departments. The Village of Roscommon voted on March Beaver Creek, in the Billman Road and Indian Glens area, until a new agreement had been worked out with Beaver Creek.

On March 4, Lyons Twp. voted to provide only limited coverage to Beaver Creek Twp. and offered to negotiate. Spears said that is exactly what the two townships are doing right now.

Book Club For Seniors

By Mimi Wilson

We are interested in forming a Book Discussion Club which will meet on a monthly basis at the Senior

Citizen Center. The first meeting will be held on Wednesday, March 31, between the hours of 1:00 and 3:00 during the afternoon. We encourage all those interested to attend. At this time we will set up our book list and discuss the guidelines that will be used for group discussion. It is our intent to provide a meaningful

and informative program. The first session will be conducted by Regina Rettenmaier and Mimi Wilson. In order for the group to function as effectively as possible we will require a minimum of ten participants and a maximum of twenty. Please feel free to bring with you a list of your personal favorites.

We look forward to meeting you and urge you to take this opportunity to enhance your personal reading life. Please call the Center at 348-8426 for registration and further details.

From Our Corner ...

Just in case you missed us...we're back in our corner following a two week's reprieve...

After looking over the past two issues we have to wonder if we were missed at all in the office...looks like we will have to get on the stick to hold our job...and here all along we have thought we were indispensable...no way the Avalanche crew did a great job during our absence...

We're still fighting the jet lag...just can't seem to get back in the groove of helping to put out your favorite newspaper...maybe after this issue things will be back to normal...

Again it was sort of a shock last Wednesday morning at 2:00 o'clock when we arrived at Traverse City after leaving Las Vegas and 70 degrees and then being greeted with snow and blustery winds with a temperature of around 20...we're still chilled over it even with the beautiful Sunday we just experienced, it is quite a change...

Our two weeks out at Henderson which is about a half hour drive south of Las Vegas were just what a doctor could have ordered...we spent much of the time just R & R...we didn't take in much night life...Dane and Cyd were moving their store and that took quite a bit of their time, however we didn't mind sitting around the backyard in the sun...our bride got her share of the one armed bandit and left her meager savings in the casinos...talking about casinos, Henderson has two good size ones downtown side by side the only thing that separates them is a street...you can walk back and forth at anytime to try your luck...

Some of our time was spent in Dane and Cyd's spa with an orange pop to keep cool...the water was 95 degrees just comfortable...speaking of our orange pop, what we got out there was different from that in Michigan...must be that they make it out west

with Rocky Mountain oranges...

We should mention here that the economic crunch is not only here in Michigan...it is all over...when we flew to Vegas we went from Traverse to Chicago then to St. Louis and from there nonstop to Vegas...this is hard to believe but, there were only 23 passengers and 6 crew members on the 727 nonstop flight to Vegas...that hardly paid to get the plane off the ground...while we were there a major hotel and casino in Vegas shut down laying off 400 people...and in Henderson a plant that manufactures parts for the airplane building industry laid of off a 100 people with more to come from a 1000 labor force...so much for our western trip...

Letters to the Editor...again let us reiterate the policy of the Avalanche on letters to be run in the paper...lately we have received numerous letters that are so long that they should be put in a book...the columns of the Avalanche are so long...there is so much space that we have to decide what is the most pertinent...we encourage letters pertaining to things that are happening in our county, but we also have to limit the space...we are setting a policy of not over 350 words per letter...we feel that a person can get their views across in that many words...also, it is our decision in what issue the letters that are printed appear...we try to give equal space to the several organizations and school projects plus the many other things that happen in our county, to do that we have to cut some place, and that is when articles are left out when time elements show they have another week to appear...or we are asked to run an article for 2 to 3 weeks before that event is to happen...

Also on letters...we ask you to re-read them to make sure they are not libelous or slanderous...you may be disgusted about a certain thing, but sleep on it before you submit your letter...you may be only wasting your time and ours and you must sign your name and address to be even considered to be printed...

This takes care of this week's turkey...we're thinking about you Toni...goodnight T.J., Stef and Amber, and to all our readers it is nice to be back...have a nice weekend and think spring...it is just around the corner...no pun intended...

23 Years Ago

March 19, 1958 Norman Stephan and Bernie Fowler made a boat trip down the AuSable from the Town Line to the Parmalee or Baker Bridge Sunday. Enroute they counted 58 deer, about 20 of which were weak enough to walk up to. They saw 8 or 9 dead ones also. They report there were six cabins collapsed from the weight of snow on the roofs.

Mr. and Mrs. Lewis Stillwagon and Master Mickey, and Roy Trudgeon left last Friday for Ishpeming, where they spent until Sunday at the Mather Inn. Saturday they watched ski jumping and did some skiing themselves, at Cliffs Ridge. Sunday battled they the snowstorm all the way down as far as Gaylord, where they were stuck for two hours in the line traffic outside of town, and where they finally ended up staying all night, at the Sugar Bowl restaurant. They returned home Monday afternoon.

Mr. and Mrs. George McEvers had as their guests over the weekend Mrs. McEvers' sister and family. Mr. and Mrs. Abdella and daughter Brenda of Bay City who had left their other two children with grandparents, Mr. and Mrs. Henry Luks and Mrs. Abdella, Sr., in Bay City for the weekend.

Curtis Jansen is home after visiting his grandparents, Mr. and Mrs. William Horn, for ten days in Saginaw. They brought him back March 4th, and stayed with the Jansens' until the 6th.

Mr. and Mrs. Don Wood enjoyed a visit from their grandson, Donald Elsey, last week. He accompanied his grandmother here on her return from Detroit. His parents, Mr. and Mrs. Raymond Elsey spent the weekend at the Wood home, taking Donald back home to Detroit with them.

Miss Karen Atkinson was 15 years old Friday the 13th. To celebrate the occasion she invited sixteen of her friends in for an evening of games and dancing and refreshments, including the traditional birthday cake and ice cream.

Mrs. Harry Hoerl, Mrs. James Kolka, Mrs. Ernest Turner and Mrs. Don Weaver spent last week Wednesday in

Traverse City. Weekend before last Mr. and Mrs. James Kolka spent Saturday and Sunday in Flint, visiting Mr. and Mrs. Lester Faris. Their daughters Lynn and Nancy visited their grandparents, the Harry

Hoerls. Mrs. A.J. Sorenson and Ms. B.E. Henig spent last week Wednesday in Traverse City.

Mr. and Mrs. Ted Drefts and daughter Judy spent Sunday, the 8th visiting her parents, the Ralph Millikins. On the 9th Mrs. Millikin entertained twelve little boys and girls in celebration of her son Mitchell's fourth birthday.

March 19, 1936 Mr. and Mrs. Roy Wolcott enjoyed a visit Monday from Mrs. Wolcott's cousin, Cyrus LaBrack of Bay City.

Mr. and Mrs. Floyd Goshorn and daughter Janice, Henry Wylie and Mr. and Mrs. Leo Morency and daughter drove to Bay City Saturday and spent the day.

Charles Wylie is enjoying his spring vacation from Olivet College, coming Monday, and is

visiting at his home. Complimenting Mrs. Walter LaMotte, group of her friends met at the home of Mrs. Elgin Benware Wednesday evening of last week. The ladies enjoyed a very pleasant evening after which a nice lunch served. LaMotte was showered with many lovely gifts.

Little Brad Stephan, son of Mr. and Mrs. Alva Stephan, celebrated his first birthday Monday, and a few of the relatives enjoyed a birthday dinner at his home that evening. The occasion also marked the birthday of Mrs. Truman Ingram. Both guests of honor were given many lovely gifts. Mr. and Mrs. Willard

Cornell spent weekend at Gagetown, guests of Mrs. Cornell's parents, Mr. and Mrs. Joseph Freeman.

Mr. and Mrs. Angus Macaulay are happy over the arrival of a daughter on March 10. She weighed 7½ pounds and will be known as Donna Fern. Mr. and Mrs. James Cameron are the proud grandparents. Richard Lovely was

guest of honor Saturday evening, when a group of his friends met at his home to help him celebrate his birthday anniversary. The evening playing spent pinochle, after which a nice lunch was served. According to all reports everyone had a fine time.

The Carl Sorenson family are in town again and looking very glad to be home once more, after spending the past two months vacationing in California, and Texas. Nevertheless, they evidently had a very fine

From the Cheboygan Democrat: The Onaway basketball team defeated the Grayling high school team by the score of 44 to 30. A large the crowd attended game which was fast and interesting. The Grayling lads proved a surprise to the Onaway boys and the first half ended with only one point between the two teams. The second half was rougher than the first; both teams taking a hand and foot in the rough stuff. The star of the game was Joseph. The Grayling giant center was there from start to finish.

The Bible Speaks

From Calvary Baptist Church

STEPS IN SANCTIFICATION Romans 6:6-10

To have practical Sanctification in our daily lives we must know we are crucified or dead to sin; we must reckon ourselves dead to sin; and we must yield our bodies as instruments of righteousness unto God. This is the heart of the entire message of Romans 6. Today we shall dwell with what we

are to know.

"Knowing this, that our old man is crucified with him, that the body of sin might be destroyed, that henceforth we should not serve sin." Romans 6:6. We are to know why Christ died. and why we are to identify with His death. He died because of our sins. He died to destroy the power of sin in our daily lives. He died to pay the penalty for our sin. He died to eventually free us from the presence of sin for eternity. Our old nature is crucified with Christ. Since all of us are sinners by birth, nature and choice, our old nature dies a slow and painful death to sin. We are to know not to serve sin.

"For he that is dead is freed from sin." Verse 7. Death ends the practice of sin. Dead people don't practice sin. For example, capital punishment ends the violent crimes of a murderer. When we are baptized, we show public identification with the substitutionary death of Jesus Christ for our sins. To know this should change our con-

"Now if we be dead with Christ, we belive that we shall also live with him: Knowing that Christ being raised from the dead dieth no more; death hath no more dominion over him. For in that he died, he died unto sin once: but in that he liveth, he liveth unto God." Verses 8-

Jesus Christ died for our sins once for all eternity. He has completely conquered our sin problem. He has made it possible for us to

concentrate on living unto God, rather than living unto sin and death. He has assured us that sin and death have nothing to offer us. He has made provision for us to have the power of God to live in victory over sin in our lives. We cannot avoid the presence of sin, but we can avoid the practice of sin.

News of Good Things Growing

Margaret G. McCall

If you want to stretch your food dollar this month, try some delicious egg main dishes such as quiche, omelets or crepes.

Crepes are paper-thin pancakes prepared from an egg batter, filled with meats, poultry, vegetables or fruits and topped with gravy, a cheese or cream sauce.

Fill an egg omelet with cheese, bacon, onions and green pepper and top with a spicy tomato sauce. Or, crumble bacon into greased custard cups, top with grated Swiss cheese, pour an egg mixture over this and bake elegant individual quiches.

Fresh Michigan eggs, an excellent food buy, are among the good things growing in Michigan.

Last year in our state approximately 6.4 million hens produced 1.48 billion eggs, according to the Michigan Dept. of Agriculture. And that's a lot of scrambled

Egg color varies from white to dark brown depending on breed, but color is not an indication of quality.

Michigan eggs are quality graded in accordance with federal-state law. Grade AA, extra fancy, and Grade A have thick whites and firm yolks which are excellent for frying and poaching, where appearance is important.

Eggs are delicate. They should always be cooked over low to moderate heat. To hard boil, simmer eggs for 15-20 minutes, then plunge into cold water immediately to arrest further cooking and prevent yolk discoloration. To peel, crack shell and roll between your palms to free the thin shell membrane.

To preserve quality, eggs should be stored cold with broad end up. You'll find Michigan eggs automatically packed this way. And remember, a day at room temperature will age an egg more quickly than a week's refrigerator storage.

Food From Sea

Scientists who participated in the world's largest biological research cruise last year in the Antartic have been analyzing their findings. A leading American researcher on the project says they have found enough krill — a tiny shrimp-like creature — to provide a major food source for the entire world.

National Wildlife Week

According to Homer R. Hilner, State Conservationist for the Soil Conservation Service in Michigan, there life Week, sponsored by the are 267 bald eagles in Wildlife Michigan today with the Federation, highlights the 200th anniversary of the bald figure increasing slightly each year. Hilner said, "eagle pairs arrive in and focuses attention on the Michigan in late winter, mid-February to mid-March, and As the United States ex- remain here until just before winter freeze-up when they panded westward, changes begin to drift, not migrate, in land use, including southward."

Perhaps our national emblem's greatest contribution to America has been its role

measuring-stick. During the 1950's and 60's citizens realized that an environment too polluted for eagles to survive might become unfit for man as well. Since those years great strides have been made in pollution abatement and control. Today, the preservation of the bald eagle is a symbol of our determination to provide a healthy human environ-

ment. Now is the time for use to show the bald eagle that we care and that we will continue to emphasize the critical need to protect wildlife habitat.

Grayling Bows

Out Early The Grayling Vikings ended a disappointing 5-15 season by dropping a 52-50 decision to Whittemore-Prescott in the first round of

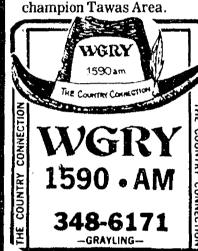

district play at Grayling. Grayling looked as if they woud advance in tournament play holding an 11-point lead in the fourth quarter. But Whittemore-Prescott kept pressing and finally took the lead for the first time in the game with 28 seconds to go.

Coach Butch Hayes said his squad didn't handle the tournament pressure or their full-court press well. He said in the fourth quarter Grayling had little offensive movement and stopped playing aggressive defense. The Viking shot selection was also poor, he said, since Grayling didn't have to put the ball up a lot with their

Free throw shooting and an old enemy - turnovers also did the Green and White in. Grayling shot five for five from the line in the first half but, hit only seven of twelve down the stretch. Grayling committed 25 turnovers in the game, 13 in the second half.

Senior Brad Trenary, playing in his last game, led Grayling with 23 points. Senior Ted Methner scored 10 and senior Tracy Fagan scored 9. Monte D'Amour hit 4 points, Wayne Ross 2, and Barsie Cross 2.

Whittemore-Prescott lost their next game to Roscommon who lost to district

Employability Skill Seminars

Kirtland Community College will offer a series of free employability skill seminars designed to assist students who are seeking jobs. The individual seminars, which will last between one and two hours, will cover the following topics: evaluating personal qualifications, job search, resume preparation, writing letters of application, the job application, and interviewing skills.

The seminars will be held on Thursday evenings beginning March 25 and ending May 6, 1982. The scheduled meeting times will be 5:00 p.m. to 7:00 p.m. in Room 253 of the Administration Building.

These seminars are being offered to all Kirtland students and recent graduates. College credit will not be awarded for these seminars.

In Mrs. Fleming's third grade class in reading, level 6 is taking their test into level 7. In math they are in division and remainders. In English the class is learning how to use contractions in sentences. This week we interviewed Christy Fisher and Reggy Chambers. By Debbie Jones and Betty Partello, 5th grade.

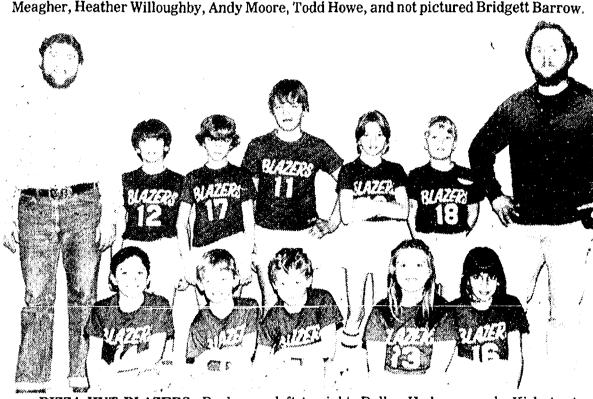

In science, Mr. Hatfield's class is studying the four basic food groups: dairy, meat, bread and cereal and last but not least, vegetables and fruit. In math there are 10 people working in division. In art class they are learning how to enlarge and reduce pictures using grids. By Debbie Jones and Betty Partello, 5th grade.

Mr. Hawkins fifth grade. In math they are studying equivalent fractions, like and unlike fractions, adding and subtraction. In reading they are working on literal and inferential comprehension, developing vocabulary skills. Some students are taking their end of the level tests to help determine if they are ready for the next level. In spelling some students will begin working ling, 11:00 to 12:00 noon, independently on their spelling units. With teacher approval each student will be allowed to work on more than one unit per week. By Sheryl Klinger, 5th grade.

Mrs. Knibbs' class was busy the last couple of weeks. They made and learned some things. They wove kites out of green and blue construction paper. They had a good time making the kites. They were very pretty. Another thing they learned was what the proper food is and the food categories. They also learned about mirrors, the way they reflect. They all had a good time learning and learned it all very well. By Amy Denton and Yvette Badawi, 5th grade.

State Budget Problems Worsen

Warren M. Hoyt, Executive Director, MPA

It has often been said about the Michigan weather that if you don't like it, just wait and it will get worse. As of late the same thing could be said about the state's budget problems.

A steadily deteriorating budget, which has added \$190 million to the current-year projected deficit since January, is forcing outgoing Governor William G. Milliken and legislative leaders to reconsider the need for a general tax increase.

After a lengthy meeting with top department directors including his chief budget advisor, Milliken said he was not "including anything, nor rejecting anything" such as tax hikes and budget cuts to deal with the budget problems.

The state's worsening budget problems are largely due to falling revenues. Besides the current fiscal year shortfall, the 1982-83 budget proposals by the governor must also be revised downward by about \$190 million.

The Dept. of Management and Budget, the state's general administrative dept., reported that February collections of sales, use, income and business taxes were \$38 million below estimates and \$20 million below figures of the same period last year.

Lottery revenues, which have always been on the increase, are also declining unexpectedly, with a revised \$210 million estimate reflecting a \$30 million cut.

The fact that the governor refused to reject consideration of tax hikes is a sharp change from his position in January when he flatly rejected general tax increases.

Besides consideration of general tax increases, another current-year executive order could total about

\$469 million.
Of the total proposed budget cut,

however, some budget cutting steps have already been recommended. These include \$225 million in fourth-quarter cuts to colleges and revenue sharing programs to local governments and \$51.6 million through 4 per-cent cuts in departmental budgets.

Another \$98 million has already been cut in retirement fund obligations and with the \$270 million general budget cut last fall, the 1981-82 budget will have been pared by over 15 per-cent when compared to the original appropriations.

State budget experts say that current year revenue estimates should be cut \$115 million. This includes \$37 million in revenues dedicated for K-12 schools which must be made up by the general fund.

The remaining current year deficit of \$190 million is due mainly to increased interest costs and added welfare obligations.

The budget deficit for 1982-83 is almost entirely reflected in depressed revenue estimates.

Management and Budget Director Gerald Miller said the overall picture remains discouraging, particularly with a continued decline in auto sales and with February unemployment rates in the 15-16 per-cent range.

Miller added that if auto sales do not improve by April or May, the revenue projections will again have to be revised.

Various state fiscal analysts blame Michigan's continuing problem on the federal government's tight money policy, high budget deficits which are keeping interest rates high and a tax structure that encourages savings rather than spending. Both act to discourage automobile purchases which are so important to Michigan.

Doodles From The Tall Timber

Wendell L. Hoover Park Interpreter

During the recent thawing weather, the foot trail going through the Tall Timber was liberally sprinkled with snow fleas. They were not as numerous as on other occasions, but there was no mistaking what they were. Oldtimers have told me that when the snow fleas appear in goodly numbers, there will be three more snowstorms before the spring break-up. While I am writing this, the crew is cleaning up from what hopefully is the first of those storms.

There is not a lot I can tell you about snow fleas except there are 314 other species of the family in North America, all of which have long rather slender bodies with conspicuous segments. The snow flea or springtail has a leaping organ called a furcula folded forward under the abdomen. The minute insect jumps by suddenly unfolding the furcula. What brings them out on the snow, I cannot guess. Most of the time they occur in soil and leaf litter, under tree bark and in decaying wood, and in fungi. According to one source, they are important as scavengers, rarely as pests. They are often very abundant, perhaps numbering several million individuals per acre.

Editor's Mailbox

March 8, 1982 To the Taxpayers of Crawford County:

After reading the minutes of the Crawford County Board of Commissioners meeting of January 12, 1982, published in the March 4, 1982, Avalanche, I was disturbed by the apparent generosity of the Commissioners in bestowing upon themselves Health Insurance benefits. The benefits are also to include retired elected officials who have 20 years or more of service with the county. It is obvious to me that the cost of this will directly or indirectly be paid for by the taxpayers of Crawford County. Part-time elected officials compensated for meeting attendance and this additional benefit is extravagant. I would appreciate it if others who believe as I do will begin an effort to repeal this action and let the county commissioners know that the taxpayers of Crawford County are "Mad as

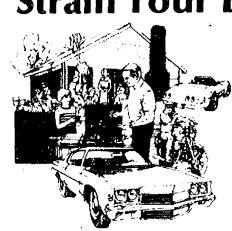

and will not take it any more". With our tax assessments being raised every year, efforts should be made to decrease local taxes, not increase them by adding additional costs to the operation of county government.

I'd really = like to help out after the funeral

But I don't know what to do.

The bereaved family must deal with a number of feelings about the change in their lives. Everyone experiences feelings in their own way. However, some common feelings are anger, guilt, loneliness, depression and sorrow. You can help by visiting often and allowing your friends to tell you about the loss and their feelings about it. A good listener can be a source of valuable support. You can also help by assisting with practical matters that may arise. Driving someone to the store, babysitting and housecleaning can be important aids. Don't feel the bereaved need magic formulas or words. Often a good visit and a chance to talk to someone who cares is most helpful.

Ventriloquist **Visits School**

A visit was made by Larry Goodale to Mr. Hayes' third and fourth grade room to give a little entertainment to the class and also discuss his career as a ventriloquist. You see pictured Larry and his hand puppet Clyde. When Larry asked Clyde questions pertaining to baseball Clyde thought the plate was something one ate from

and suggested that they eat. Larry is available for hire for such things as birthday parties. He is also skilled in piano playing and singing.

His talents don't stop there. He can also do impressions. He did four for the class, Jimmy Carter, John Wayne, Richard Nixon, and Jim Nabors. Jim sang and played the piano. He also threw in an occasional "shoozam" and "gollllee".

Larry discussed his career as a stage man and parttime actor at the Cherry County Playhouse. Much of his inspiration came from well-known actors and actresses such as Abe Vigoda, Vicky Lawrence, Eva Gabor, William Shatner, Van Johnson and many more. His favorite actor is Richard Thomas, more well known as John Boy of "The Waltons".

Before his program was finished Larry got the students involved in learning a ventriloquist's alphabet.

Solid Waste Plan Released

The Northeast Michigan Solid Waste Planning Committee announced March 15th, the release for public review of the Draft Crawford County Solid Waste Management Plan. The committee, which has been working on the plan since October of 1980, requests all residents to take this opportunity to review the draft plan. The plan is for a solid waste system that will provide solid waste disposal at an acceptable cost and be consistent with Public Act 641 of 1979. The plan, updated every five years, will guide solid waste management in the county for the next 20 years.

A copy of the entire draft plan will be available for inspection at all county clerk offices, county public libraries, and at the NEM-COG offices in Gaylord, The public and all local units of government will have 15 June 1982 to review and comment on the draft plan.

All written comments can be mailed to the Northeast Michgian Solid Waste Planning Committee, P.O. Box 457, Gaylord, Michigan 49735

Tree Seedlings Available

Crawford-Roscom-Soil Conservation District is now offering evergreen and wildlife shrub seedlings for planting this spring. Yes, as hard as it is to believe, Spring is just around the corner. And now is the time to start planning for it's arrival.

How many years now have you talked about planting trees on that open ground you own - 1 acre, 5 acres, 40 acres of land producing nothing but weeds? I've heard it time after time, "here I am, foolish me, paying taxes on that wasteland year after year and getting nothing in return". We say, don't put it off another yearit's never too late to plan for the future.

Whether you're interested in growing large trees to produce lumber, pole size trees for that retirement cabin, or Christmas trees for the family, unless you plant that tree today, it won't be there for the future.

The Crawford-Roscommon Soil Conservation District has assistance available for every aspect of tree planting; From helping you select the species of trees to plant to a work crew who will actually plant these trees for you. There are also programs available from the ASCS office to help with the financial cost of buying and planting the trees. (This cost-share assistance is not available for Christmas tree plantations.)

In many of our villages the church spire still dominates the skyline. No longer in our cities.

Don't read some dire implication into that fact. The truth of the matter is that efficient use of commercial property requires tall buildings.

Efficient use of religious property requires people—people who are earnest believers, people who are faithful worshippers, people who care about God and their fellowmen.

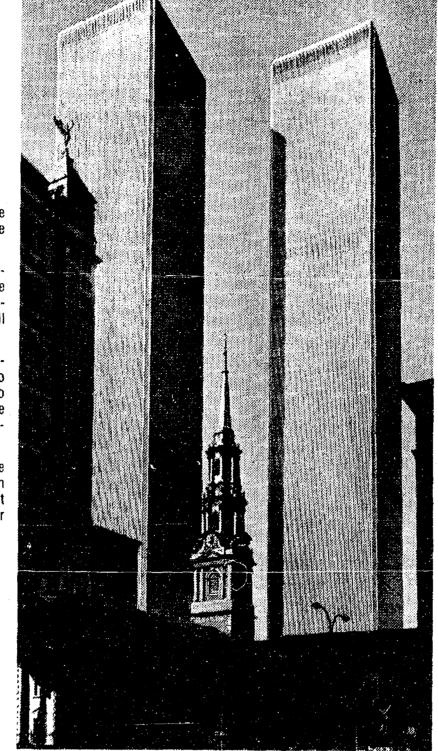

In city, town or country the church which is strengthened in its sacred mission by the fervent faith of its members is never dwarfed by the towers of trade.

Its foundations go deeper! Its aspirations higher!

Varsity Volleyball

The Viking varsity volleyball squad finished their regular season with a split against Mancelona, winning the first match and dropping the second.

Grayling combined steady court play and powerful serves to clinch the win. High hitting and serving percentages from Jenny Riker, Kay Fox, Shelly Trenary, Wendy Tammy Savallisch, Donna Phelps, and Lisa LaMotte led the way, Riker and Tammy Savallisch set Trenary and LaMotte up for more than 35 spikes.

Grayling entered postseason play two days later meeting Rogers City, the number one ranked Class C team in the state. Grayling jumped off to early leads in each game behind the serving of Fox, Riker, and LaMotte, but Rogers overcame Grayling to win the match and advance to regional play.

Coach Becky Brown said Riker, LaMotte, Shelly Tammy Trenary, and Savallisch along with Gina Bidwell paced the Vikings in their upset bid over powerful Rogers City.

The Vikings had some strong performances against 6th-ranked Kalkaska in earlier action. Kathy Worden enjoyed her best match ever hitting at 93 percent effectiveness behind Riker's leading 97 percent.

Raeann McEvers and Shelly Trenary provided strong bumping and serving support.

Grayling placed 7th in the Rogers City Invitational tangling with host Rogers City along with tough Petoskey and Oscoda. Grayling used a strong net attack, blocking and spiking well against taller op-

In Grayling's home game against Petoskey, Wendy Savallisch led in spikes and serves, Riker and Trenary led with sets, blocks, and tips, and Tammy Savallisch led in saves, Lisa LaMotte and Kay Fox also played well for Grayling.

Players of the week for Grayling: 2/24-Wendy 2/27-Shelly Savallisch, Trenary, 3/1 Jenny Riker, 3/4 Tammy Savallisch, 3/6 Jenny Riker.

J.V. Volleyball

The Viking J.V. squad finished their regular season with a strong team performance beating Mancelona 15-3, 9-15, 15-9.

Many of the Vikings showed their best play of the year. Michelle Muriel, Paula Harwood, Deanna Hubbard, Sheila Burpee, and Dawn Phelps all served well. Bumping consistently were Shannon Kraycs, Phelps, Tammy Moore, Traci Riley. Kindra Vanderpool, Linda Johnson, and Barb Fitzgerald, who played an errorless match. Shannon Krayes was Grayling's

toughest spiker on the line. In earlier action against Kalkaska, Grayling lost but Harwood and Burpee led excellent serves. Kraycs, Muriel, and Phelps were aggressive hitters for

Grayling. Petoskey topped the Vikings with dominating serves but Grayling showed some of its best court play in the match. Keeping the ball moving for Grayling were Krayes, Hubbard, Moore, Harwood, and Phelps.

"The J.V. team improved their skills and were more competitive each game," coach Becky Brown said. "We've got a lot to look forward to next year."

AARP to Meet

Senior Citizens Center Offering Mini Series Your Mental Health

By Mimi Wilson

The Senior Citizens Center will be offering a Mini-Series dealing with a variety of topics which have a direct effect on your mental health. The format for the mini-series will be a lecture followed by a question and answer session.

It is a fact that as a result of our complex social structure, a variety of diversified and conflicting life styles, and a transient existence for many families due to job relocation we often are involved in dealing with situations that potentially can lead to mental health problems.

Our mental attitude in turn affects our self-esteem, how we relate to our family, our work environment, and how we relate to all people around us as well as the world itself. It can also take its toll on our physical well being. We encourage you to join us in the exploration of these topics. All sessions will be conducted on Fridays between the hours of 1:00 and 3:00 p.m.

March 19-Depression April 2-Guilt April 16- Anxiety

April 30-Stress May 7- Relationships May 21-Life Transitions

The mini-series will be conducted by Mary Raymer M.S.W./C.S.W. Degree, North Central Michigan Community Mental Health Services, and Mimi Wilson B.A. Degree Senior Citizens Center Staff. Register now by calling the center at 348-8426. (March 19- Depression 1:00-3:00)

Everyone needs a few dollars to do what they want to do when they want to do it. That's what a regular savings account is all about.

5.47% CONTINUOUSLY COMPOUNDED

All we encounter now, it seems, is information concerning high interest paying savings plans. This program demands a \$10,000 deposit, this one \$500, and so on. The old tried and true All American savings account has been relegated to the wastebasket. Or, has it? Not by a long shot. The regular savings account is alive and healthy. We all need funds we can tap at a moment's notice. With no strings attached. We

all need the type of savings account where we can put those few extra dollars when they pop up.

And, here that regular savings account pays 5.47% interest by the continuous compounding of 51/4 % annually.

Isn't it about time you become old fashioned and sensible once again?

STATE OF MICHIGAN IN THE CIRCUIT COURT FOR THE COUNTY OF CRAWFORD In the Matter of the Complaint of the State Treasurer of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed there-

To the Circuit Court for the County of Crawford. LOREN E. MONROE, State Treasurer of the State of Michigan, respectfully shows

unto the Court: 1. That he is the State Treasurer of the State of Michigan and makes and files this complaint under, by virtue of and pur suant to the provisions of Act No. 206 of the Public Acts of 1893, as amended, and Act No. 380 of P.A. 1965, as amended.

2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were assessed for the years mentioned therein, have remained unpaid for more than one year after they were returned as delin quent, the description of all lands in said county heretofore bid off in the name of the State and thus held and upon which taxes which were assessed subsequent to the tax for which such lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent 3. That extended separately in said

schedule against each description of said lands therein contained are (a) the total amount of delinquent taxes upon said description for the non-payment of which the same may lawfully be sold at the next annual tax sale, (b) interest computed thereon as provided by law to the first day of May, next ensuing, (c) a collection fee of four per cent which shall be a minimum of \$1.00 as provided by Section 211.59. C.L. 1970, as amended, and (d) \$10.00 for expenses, all in accordance with the provisions of the act first above men-4. That all of the aforesaid taxes, in-

terest and charges are valid, delinquent and unpaid, and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which they were assessed and are extended in said schedule at the next annual tax sale for the non-payment thereof, and that the said taxes, interest, collection fee and expenses so extended in said schedule against each parcel of land therein described constitute a valid lien upon each of the said several parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the pay ment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof. Wherefore your plaintiff prays:

a. That within the time provided by law

this court may determine and adjudge that the aforesaid taxes, interest, collec-tion fee and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended; b. That within the time provided by law

this court make a final judgement in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts of taxes, interest, collection fee and expenses as computed and extended in said schedule against the several parcels of land therein contained, and the amounts listed in the column headed "aggregate" shall constitute the amounts adjudged against the said several parcels, unless so amended by

c. That said judgement provide that in default of the payment so ordered of the said several sums computed and extended against said lands in said schedule, the said several parcels of land, or such interest therein as may be necessary to satisfy the amount adjudged against the same, shall severally be sold as the law provides: d. That your plaintiff may have such other and further relief in the premises as

to this court may seem just and equitable. And your plaintiff will ever pray, etc. Dated: December 22, 1981 LOREN E. MONROE State Treasurer of the State of

By this time most of us have received our notices of increased property tax assessments. All of these higher assessments result in higher taxes.

Our services haven't increased, our school districts remain under funded, and in most cases while we pay more in taxes, we receive less in return.

Who is responsible? It's a governor and state legislature that have squandered mismanaged our resources, who only talk of and consider tax increases and further expansion of state government, and programs which are clearly out of control.

Who is responsible? The state tax commission, the county equalization directors, and local assessors who cheat the property taxpayers through various formula devices including sales ratio studies by not deducting from each sale the cost of financing, personal property, survey costs, etc. The law requires these costs to be removed, and if they were, there would not be any increase in property assessments this year. In fact, many communities would realize a reduction in property values with a corresponding increase in state revenue sharing funds,

and aid to education. Who is responsible? Some local units of government who collect the 1% collection fee even though this fee could have waived. It's the local government official who wants additional revenues for whatever questionable program and then make themselves unavailable when the public demand an accounting.

Who is responsible? The greatest responsibility for increased assessments must fall directly on the shoulders of the county board of commissioners because the equalization dept., under their control, is the responsible dept. for increasing the values of our communities through faulty sales ratio studies. The commissioners know that rules and laws are being violated, that the costs mentioned above (creative financing, personal property etc.) are not removed from the sales data thus forcing higher assessments, consequently higher taxes.

In April your county board of commissioners will vote to accept, reject, or modify the county equalization report. They could, by that vote, reduce the level of assessment on our property, but will they? That question remains to be answered.

The irony in this whole situation is the fact that many of our citizens are out of work, that our kids are moving to other states to find jobs, opportunities, and lower taxes, many of our citizens have made concessions to keep their jobs and their families together, our senior citizens even with the circuit breaker will have to pay more on their limited incomes, and all because our state legislators, our state senators, our governor, our county commissioners and local officials insist on cheating us with their violations of statute and constitutional

This year the Macomb County Taxpayers Association will not allow the taxpayers of our state to be cheated by a bunch of elected and appointed officials. We will go to the courts to seek justice and judicial relief, we will force compliance with our constitution and statute laws. Please come join us, we need your Michael C. Sessa

Theater Workshop

The Gaylord Area Council for the Arts will present a workshop on theater March 23, conducted by Pamela MacKay.

The workshop is free and open to the public. It begins at 7:30 p.m. in Room 21, Gaylord High School.

News of Good Things Growing

By Margaret G. McCall The first signs of spring can perk up even the dullest day, when the sun starts setting later and the days begin getting warmer. And warm days with freezing nights are good for one of Michigan's agricultural crops-maple

It's this type of weather which makes sap run and makes possible delicious Michigan maple syrup for topping hot pancakes or waffles, making rich maple candy or glazing your favorite meat dish.

For an added treat, try maple barbecued spareribs. Just substitute maple syrup for sugar in your favorite recipe by using one and onehalf cups syrup for each cup of granulated sugar.

Baked goods made with maple syrup should be baked 25 degrees lower than the same recipe using sugar. Be sure to add one-quarter teaspoon soda for each cup of maple syrup and cut down any liquids by one-half where sugar is eliminated.

Last year in Michigan about 91,000 gallons of syrup were produced, sixth highest production in the nation, according to Michigan Dept. of Agriculture officials. The value was estimated at \$1,747,000.

Only pure, boiled-down sap weighing at least 11 pounds per gallon may have a maple syrup label, reports Dr. Edward Heffron, MDA's Food division chief.

"Syrups may legally be sold as mixtures of maple and other syrups, but the law requires these to the labelled showing the percentages. They must be labelled either imitation maple or mapleflavored syrup."

To make one gallon of maple syrup, about 40 to 50 gallons of sap must be collected. Holes are drilled into a tree and a 'spile', allowing the sap to flow into a bucket or tubing, is placed in the hole. Each tap will yield 15 to 20 gallons of sap during a season, depending on the size of the tree. Larger trees will accommodate two or more buckets.

Arbor Day Foundation

The National Arbor Day Foundation is giving two free apple trees to all new Foundation members joining during March, 1982.

A red delicious apple tree and a yellow delicious apple tree are being given by the Foundation to help its new members fight the high cost of living by planting "edible landscapes.'

The free trees are part of the Foundation's effort to promote tree planting during 1982, the 100th anniversary of the first observance of Arbor Day in schools.

The National Arbor Day Foundation, a nonprofit organization, is working to improve the quality of life throughout the country by encouraging tree planting. The Foundation will give the two free apple trees to new members contributing \$5.00 or more during March.

The trees will be 18 to 24 inches tall and will be sent postage paid with enclosed planting and care instructions at an appropriate time for planting this spring. They are guaranteed to grow, or they will be replaced free by the Foun-

"Arbor Day's founder, J. Sterling Morton, emphasized the value of planting fruit trees. So it is most appropriate that our new members receive free apple trees during this centennial year," a Foundation representative said.

To become a member of the Foundation, and to receive the free trees, a \$5.00 membership contribution should be sent to FREE AP-PLE TREES, National Arbor Day Foundation, Arbor Lodge 100, Nebraska City, NE 68410, by March 31, 1982.

Completes AF Training

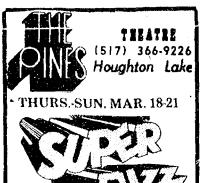

Airman Diana L. Savallisch, daughter of William E. Savallisch Sr. of Apache Junction, Ariz., and Charlene J. Savallisch of Grayling, has graduated from the U.S. Air Force aircraft maintenance training course at Sheppard Air Force Base, Texas.

Graduates of the course were trained in aircraft maintenance, repair and service, and earned credits toward an associate degree in applied science through the Community College of the Air Force.

Savallisch will now serve at K.I. Sawyer Air Force Base, Mich., with the 410th Field Maintenance Squadron.

She is a 1980 graduate of Grayling High School.
